Subject: Dimock, PA Situation

Eugene, wanted to get you guys some of the draft plans that are being developed and implemented to address the potential drinking water contamination problem in Dimock, PA. Our RA has been sharing plans directly with Bob Sussman; and Mathy participated in a briefing our RA led for the Administrator on Friday afternoon at which time the Region was directed to develop some plan of action.

You probably want to share these with Larry and Dana.

Ex. 5 - Deliberative

Call with questions, dennis.
